EUROPEAN EDUCATIONAL TRAINING PROJECT,
VISITING STRASBOURG AT THE "LOUISE WEISS"
PALACE, HOME OF THE EUROPEAN PARLIAMENT,
DURING THE MONTHLY PLENARY SESSION.

ASSOCIATION EUROPEENNE DES ENSEIGNANTS
EUROPEAN ASSOCIATION OF TEACHERS
Italian Section – Region of Lombardy

SALIENT FEATURES

1 – Pre Travel Preparation: Essentially AEDE distributes everyone information about travel and material officially provided by the European Parliament and the European Commission.

2 – Travel by GT Coaches: The travel coaches, if the students are not using school buses, are high luxury and comfortable coaches with highly experienced drivers, provided by Grand Tourism Travels.

3 – Accommodation: The students are welcomed at three / four stars hotels. Each room has a private bathroom, telephone, television, air condition and hairdryer. Breakfast is European buffet, with sweet and salty food; "French dinner" includes three courses. Students will go in double or triple rooms, the Teachers in single rooms.

The hotels usually ask to the Student Groups for a certain deposit amount, which will be paid at the beginning of the stay and later deducted from the main bill at the end of travel or return it. The hoteliers just want to protect themselves against any damage caused by the Students and potentially imprudent or irresponsible behaviors. The managers of our hotels are very dependable; but, to avoid any misunderstandings, it is prudent to check each room if everything is in order on the arrival.

4 – In case of travel from Italy, we leave from Milan City and we come back at the same place of the departure. In case of coming from other cities we can arrange to meet at airport or if travel by road straight at the hotel.

5 – The travel plan below provides the details, in addition we can provide for agreed changes with the school before departure. Except for causes of force majeure we strictly follow the agreed itinerary.

6 – AEDE Lombardy Italy has an experience of almost forty years, educating European civilization and values, and we guide all the participants during the trip to European Parliament. Many a times there could be other groups of AEDE Lombardy attending the parliamentary session at the same time, but we are well equipped to manage multiple groups. We can also offer free advice and assistance to visitors when visiting the cities.

7 – The individual fee includes the Travel in Grand Tourism Bus, the half board in hotels (dinner, overnight stay, breakfast), luggage theft, accident and non-stop medical service and permission to attend European Parliamentary session. All other things are excluded, in particular: lunches, entrance to museums, tour on Bateau Mouche, Astronomical Clock, etc.

Students must have their own accident insurance and civil liability insurance. Everyone must be in possession of the Passport and Resident Permit in case of non-Europeans. It is also advisable to bring your health card.

8 – We hope the above project of **AEDE Lombardy** will fully achieve the goals of education, cultural tourism, deep understanding of European unity, and above all the amazing opportunity of witnessing an ongoing EU parliamentary session. At conclusion of trip a participation certificate will be provided to everyone, upon request, issued by AEDE. The AEDE is in fact accredited to the Council of Europe (47 countries) and to the Ministry of Education in Italy and is recognized as a qualified subject for the training of the School staff, according to D.M. n. 177/2000 and subsequent amendments and supplements.
